

**Office of the District Magistrate & District Collector
Thiruvananthapuram
(Present: Dr. Navjot Khosa IAS, DC & DM)**

DC TVPM/6452/2020/S11

Dtd: 02.10.2020

(Under section 144 of Code of Criminal procedure 1973)

Whereas, based on the declaration issued by the World Health Organisation, on 11.03.2020 declaring the outbreak of Covid-19 as a Global Pandemic and subsequent notifications issued by Government of India and Government of Kerala, under the Epidemic Diseases Act, 1897 and the Disaster management Act, 2005.

And whereas, SRO notification issued by Govt of Kerala as Kerala Epidemics Diseases, Covid 19, Regulations 2020 in official gazette stipulates that all possible measures shall be incorporated to contain the disease. It is apprehended that there is likelihood of spread of Covid-19 disease through gathering of persons in public and private areas and that there is grave danger to human life, health or safety due to the same.

And whereas, till now 36,433 persons are infected with Covid19 in the district and 12,223 active cases are undergoing treatment in the district as on date. The category B and C patients who need hospitalisation and intensive care are increasing and almost 75 % of the bed capacity in Covid Hospitals is being filled by such patients.

And Whereas It has been made to appear to me that further surge in Covid 19 positive cases is imminent inspite of best collective efforts of all departments and if strict prohibitions are not put in place, it will seriously endanger human lives in large numbers.

And whereas it has also been made to appear to me by the District Medical Officer that in the case of unmanageable surge, the health infrastructure of the district will be overwhelmed which can lead to high mortality

And whereas, the District Authority in its meeting held on this day has examined the matter in detail and is convinced that the requirement for certain general restrictions particularly in gatherings and strict implementation of Covid19 protocols including social distancing is highly essential and urgent to manage the pandemic situation of Covid-19 in the district.
