

Jaipur airport enforces stricter Covid guidelines amid Omicron scare

Updated: 10 Dec 2021, 03:23 PM IST

The Jaipur International airport took up additional measures and made arrangements to ensure that stricter Covid guidelines are being implemented.

"Four registration counters and four sampling booths have become operational. Moreover, the number of Rapid PCR machines has also been increased. A dedicated waiting area sufficient for 150 passengers has also been set up" a senior official of the airport said.

The officer also informed that the waiting area is equipped with facilities such as washrooms, Wi-Fi service, online payment facility and service executives to assist the passengers.
