**Financial Action Task Force (FATF) High risk and other monitored jurisdictions
– June 17, 2022**

The Financial Action Task Force (FATF), vide public document 'High-Risk Jurisdictions subject to a Call for Action' of June, 2022, has called on its members and other jurisdictions to refer to the statement on these jurisdictions adopted in February 2020.

FATF had earlier identified the following jurisdictions as having strategic deficiencies which have developed an action plan with the FATF to deal with them. These jurisdictions are: Albania, Barbados, Burkina Faso, Cambodia, Cayman Islands, Haiti, Jamaica, Jordan, Mali, Malta, Morocco, Myanmar, Nicaragua, Pakistan, Panama, Philippines, Senegal, South Sudan, Syria, Turkey, Uganda, United Arab Emirates and Yemen. As per the public statement, 'Jurisdictions under Increased Monitoring' dated June 17, 2022, Gibraltar has now been added and Malta has been removed from this list based on the decision made at the June 17, 2022, FATF plenary. FATF plenary releases documents titled 'High-Risk jurisdictions subject to a Call for Action' and 'Jurisdictions under Increased Monitoring' with respect to jurisdictions that have strategic AML/CFT deficiencies as part of the ongoing efforts to identify and work with jurisdictions with strategic Anti-Money Laundering (AML)/Combating of Financing of Terrorism (CFT) deficiencies. Such advice, however, does not preclude the regulated entities from legitimate trade and business transactions with the countries and jurisdictions mentioned therein.

The detailed information is available in the updated public statements and document released by FATF on June 17, 2022. The statements and document can be accessed at the following URL:
